

C o n n e c t e d E q u i p m e n t W a r r a n t y

This Connected Equipment Warranty is a Limited Warranty, subject to the limitations and exclusions set forth herein.

Sta'bl-POWER™ will cause to be repaired or replaced, at its option, any equipment which is damaged by a transient voltage surge or lightning strike (a "Transient") while properly connected through a Sta'bl-POWER™ product, to a properly wired AC power source with protective ground, for a period of five (5) years from the date of installation of the Sta'bl-POWER™ product(s). This warranty is null and void unless all wires leading into the equipment pass through a Sta'bl-POWER™ product as further described herein. Sta'bl-POWER™ will spend an amount equal to the fair market value of the damaged equipment or the original purchase price of the equipment, whichever is less, up to a maximum of (USD) \$100,000 per occurrence. The fair market value of the equipment shall be the current value of the equipment, as determined by a professional appraisal company to be selected by Sta'bl-POWER™.

Sta'bl-POWER™ reserves the right to review/inspect the damaged Sta'bl-POWER™ product, the damaged equipment, and the site where the damage occurred. The Customer shall solely bear the costs of shipping the damaged Sta'bl-POWER™ product for inspection. Sta'bl-POWER™ reserves the right to negotiate the cost of repairs. Damaged equipment must remain available for inspection until the claim is finalized.

This Limited Warranty shall be void and unenforceable if the Sta'bl-POWER™ product in use during the Transient is not provided to Sta'bl-POWER™ for inspection upon request, and Sta'bl-POWER™ determines that the Sta'bl-POWER™ product has been improperly installed, altered in any way, or tampered with; the repair or replacement of the damaged equipment is covered under a manufacturer's warranty; Sta'bl-POWER™ determines that the damage did not result from the Transient; or Sta'bl-POWER™ determines that the connected equipment was not used under normal operating conditions or in accordance with any labels or instructions. The Sta'bl-POWER™ Connected Equipment Warranty only protects against damage to properly connected equipment where Sta'bl-POWER™ has determined, in its sole discretion, that the damage resulted from a Transient, and does not protect against acts of God (other than lightning) war, vandalism, theft, normal wear and tear, erosion, depletion, obsolescence, abuse, damage due to under-voltage disturbances, or equipment modification or alteration.

This warranty contains the sole Connected Equipment Warranty of Sta'bl-POWER™. There are no other connected equipment warranties, expressed or implied, except as required by law, including the implied warranty or condition of quality, merchantability or fitness for a particular purpose. Such implied warranties, if any, are limited in duration to the term of this warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

In no event shall Sta'bl-POWER™ be liable for incidental, special, direct, indirect, consequential or multiple damages such as, but not limited to, lost business or profits arising from the sale or use of any Sta'bl-POWER™ product, even if advised of the possibility of such damages. This warranty gives you specific legal rights, and you may also have other rights, which may vary, from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damage, so the above limitations may not apply to you.

This warranty is valid only for the original purchaser of the product. (The original purchaser must complete and return the attached warranty card.) All damage claims against the product must be made in writing, within 15 days from the date of the Transient occurrence and must be accompanied by a sales receipt for the damaged equipment or the warranty is void.

To file a claim against the Sta'bl-POWER™ Connected Equipment Warranty you must take the following steps:

Mail to: Sta'bl-POWER™ at 426 N. Signal Butte Rd., Apache Junction, AZ 85220 Attn: Claims Dept. If you need to contact us regarding the information required, call 480-984-3208 during normal business hours (Mountain Standard Time, United States) or E-mail us at: innovation@iat-eztime.com, or fax the required information to 602-305-6996, within 15 days of the Transient occurrence. Be prepared to provide all of the following information:

- # Your name, address, and phone number.
- # The serial number of the Sta'bl-POWER™ Product.
- # The equipment that was connected to the Sta'bl-POWER™ Product at the time of the Transient.
- # The equipment that was damaged during the Transient and the extent of the damage.
- # The date of the Transient occurrence.
- # Where you purchased the Sta'bl-POWER™ Product.
- # When you purchased the Sta'bl-POWER™ Product.
- # Copy of the original receipt or purchase order and record of payment.

Your Sta'bl-POWER™ Customer Service Representative will then instruct you how to proceed with your claim. -END-
